

EPBC Act Protected Matters Report

This report provides general guidance on matters of national environmental significance and other matters protected by the EPBC Act in the area you have selected. Information on the coverage of this report and qualifications on data supporting this report are contained in the [caveat](#) at the end of the report.

You may wish to print this report for reference before moving to other pages or websites.

The Australian Natural Resources Atlas at <http://www.environment.gov.au/atlas> may provide further environmental information relevant to your selected area. Information about the EPBC Act including significance guidelines, forms and application process details can be found at <http://www.environment.gov.au/epbc/assessmentsapprovals/index.html>

Summary

Matters of National Environmental Significance

This part of the report summarises the matters of national environmental significance that may occur in, or may relate to, the area you nominated. Further information is available in the detail part of the report, which can be accessed by scrolling or following the links below. If you are proposing to undertake an activity that may have a significant impact on one or more matters of national environmental significance then you should consider the Administrative Guidelines on Significance - see <http://www.environment.gov.au/epbc/assessmentsapprovals/guidelines/index.html>.

World Heritage Properties:	None
National Heritage Places:	None
Wetlands of International Significance: (Ramsar Sites)	None
<u>Commonwealth Marine Areas:</u>	Relevant
Threatened Ecological Communities:	None
<u>Threatened Species:</u>	21
<u>Migratory Species:</u>	25

Other Matters Protected by the EPBC Act

This part of the report summarises other matters protected under the Act that may relate to the area you nominated. Approval may be required for a proposed activity that significantly affects the environment on Commonwealth land, when the action is outside the Commonwealth land, or the environment anywhere when the action is taken on Commonwealth land. Approval may also be required for the Commonwealth or Commonwealth agencies proposing to take an action that is likely to have a significant impact on the environment anywhere.

The EPBC Act protects the environment on Commonwealth land, the environment from the actions taken on Commonwealth land, and the environment from actions taken by Commonwealth agencies. As heritage values of a place are part of the 'environment', these aspects of the EPBC Act protect the Commonwealth Heritage values of a Commonwealth Heritage place and the heritage values of a place on the Register of the National Estate. Information on the new heritage laws can be found at <http://www.environment.gov.au/heritage/index.html>.

Please note that the current dataset on Commonwealth land is not complete. Further information on Commonwealth land would need to be obtained from relevant sources including Commonwealth agencies, local agencies, and land tenure maps.

A permit may be required for activities in or on a Commonwealth area that may affect a member of a listed threatened species or ecological community, a member of a listed migratory species, whales and other cetaceans, or a member of a listed marine species. Information on EPBC Act permit requirements and application forms can be found at <http://www.environment.gov.au/epbc/permits/index.html>.

Commonwealth Lands:	None
Commonwealth Heritage Places:	None
Places on the RNE:	None
<u>Listed Marine Species:</u>	43
<u>Whales and Other Cetaceans:</u>	12
Critical Habitats:	None
Commonwealth Reserves:	None

Extra Information

This part of the report provides information that may also be relevant to the area you have nominated.

<u>State and Territory Reserves:</u>	1
Other Commonwealth Reserves:	None
Regional Forest Agreements:	None

Details

Matters of National Environmental Significance

Commonwealth Marine Areas [[Dataset Information](#)]

Approval may be required for a proposed activity that is likely to have a significant impact on the environment in a Commonwealth Marine Area, when the action is outside the Commonwealth Marine Area, or the environment anywhere when the action is taken within the Commonwealth Marine Area. Generally the Commonwealth Marine Area stretches from three nautical miles to two hundred nautical miles from the coast.

EEZ and Territorial Sea

Threatened Species [[Dataset Information](#)] Status Type of Presence

Birds

[*Anous tenuirostris melanops*](#)
Australian Lesser Noddy

Vulnerable Species or species habitat may occur within area

[*Calyptorhynchus latirostris*](#)
Carnaby's Black-Cockatoo, Short-billed Black-Cockatoo

Endangered Species or species habitat likely to occur within area

[*Diomedea exulans exulans*](#)
Tristan Albatross

Endangered Foraging, feeding or related behaviour may occur within area

[*Macronectes giganteus*](#)
Southern Giant-Petrel

Endangered Species or species habitat may occur within area

[*Macronectes halli*](#)
Northern Giant-Petrel

Vulnerable Species or species habitat may occur within area

[*Pterodroma mollis*](#)
Soft-plumaged Petrel

Vulnerable Species or species habitat may occur within area

[*Thalassarche carteri*](#)

Vulnerable Foraging, feeding or related

Indian Yellow-nosed Albatross

behaviour may occur within area

[*Thalassarche cauta cauta*](#)

Shy Albatross, Tasmanian Shy Albatross

Vulnerable Species or species habitat may occur within area

Mammals

[*Balaenoptera musculus*](#)

Blue Whale

Endangered Species or species habitat may occur within area

[*Eubalaena australis*](#)

Southern Right Whale

Endangered Species or species habitat likely to occur within area

[*Megaptera novaeangliae*](#)

Humpback Whale

Vulnerable Species or species habitat known to occur within area

[*Neophoca cinerea*](#)

Australian Sea-lion

Vulnerable Species or species habitat may occur within area

Reptiles

[*Caretta caretta*](#)

Loggerhead Turtle

Endangered Species or species habitat likely to occur within area

[*Chelonia mydas*](#)

Green Turtle

Vulnerable Species or species habitat likely to occur within area

[*Dermochelys coriacea*](#)

Leatherback Turtle, Leathery Turtle, Luth

Endangered Species or species habitat likely to occur within area

Sharks

[*Carcharias taurus \(west coast population\)*](#)

Grey Nurse Shark (west coast population)

Vulnerable Species or species habitat may occur within area

[Carcharodon carcharias](#)
Great White Shark

Vulnerable Species or species habitat may occur within area

[Rhincodon typus](#)
Whale Shark

Vulnerable Species or species habitat may occur within area

Plants

[Eucalyptus blaxellii](#)
Howatharra Mallee

Vulnerable Species or species habitat likely to occur within area

[Eucalyptus cuprea](#)
Mallee Box

Endangered Species or species habitat likely to occur within area

[Hypocalymma longifolium](#)

Endangered Species or species habitat likely to occur within area

Migratory Species [[Dataset Information](#)]

Status

Type of Presence

Migratory Terrestrial Species

Birds

[Haliaeetus leucogaster](#)
White-bellied Sea-Eagle

Migratory Species or species habitat likely to occur within area

[Merops ornatus](#)
Rainbow Bee-eater

Migratory Species or species habitat may occur within area

Migratory Wetland Species

Birds

[Ardea alba](#)

Migratory Species or species habitat may

Great Egret, White Egret

occur within area

[Ardea ibis](#)

Cattle Egret

Migratory

Species or species habitat may occur within area

Migratory Marine Birds

[Apus pacificus](#)

Fork-tailed Swift

Migratory

Species or species habitat may occur within area

[Ardea alba](#)

Great Egret, White Egret

Migratory

Species or species habitat may occur within area

[Ardea ibis](#)

Cattle Egret

Migratory

Species or species habitat may occur within area

[Diomedea dabbenena](#)

Tristan Albatross

Migratory

Foraging, feeding or related behaviour may occur within area

[Macronectes giganteus](#)

Southern Giant-Petrel

Migratory

Species or species habitat may occur within area

[Macronectes halli](#)

Northern Giant-Petrel

Migratory

Species or species habitat may occur within area

[Thalassarche carteri](#)

Indian Yellow-nosed Albatross

Migratory

Foraging, feeding or related behaviour may occur within area

[Thalassarche cauta \(sensu stricto\)](#)

Shy Albatross, Tasmanian Shy Albatross

Migratory

Species or species habitat may occur within area

[Thalassarche chlororhynchos](#)

Yellow-nosed Albatross, Atlantic Yellow-nosed Albatross, Indian Yellow-nosed Albatross

Migratory

Species or species habitat may occur within area

Extra Information

State and Territory Reserves [[Dataset Information](#)]

Oakajee Nature Reserve, WA

Caveat

The information presented in this report has been provided by a range of data sources as [acknowledged](#) at the end of the report.

This report is designed to assist in identifying the locations of places which may be relevant in determining obligations under the *Environment Protection and Biodiversity Conservation Act 1999*. It holds mapped locations of World Heritage and Register of National Estate properties, Wetlands of International Importance, Commonwealth and State/Territory reserves, listed threatened, migratory and marine species and listed threatened ecological communities. Mapping of Commonwealth land is not complete at this stage. Maps have been collated from a range of sources at various resolutions.

Not all species listed under the EPBC Act have been mapped (see below) and therefore a report is a general guide only. Where available data supports mapping, the type of presence that can be determined from the data is indicated in general terms. People using this information in making a referral may need to consider the qualifications below and may need to seek and consider other information sources.

For threatened ecological communities where the distribution is well known, maps are derived from recovery plans, State vegetation maps, remote sensing imagery and other sources. Where threatened ecological community distributions are less well known, existing vegetation maps and point location data are used to produce indicative distribution maps.

For species where the distributions are well known, maps are digitised from sources such as recovery plans and detailed habitat studies. Where appropriate, core breeding, foraging and roosting areas are indicated under "type of presence". For species whose distributions are less well known, point locations are collated from government wildlife authorities, museums, and non-government organisations; bioclimatic distribution models are generated and these validated by experts. In some cases, the distribution maps are based solely on expert knowledge.

Only selected species covered by the [migratory](#) and [marine](#) provisions of the Act have been mapped.

The following species and ecological communities have not been mapped and do not appear in reports produced from this database:

- threatened species listed as [extinct or considered as vagrants](#)
- some species and ecological communities that have only recently been listed
- [some terrestrial species](#) that overfly the Commonwealth marine area
- migratory species that are very [widespread, vagrant, or only occur in small numbers](#).

The following groups have been mapped, but may not cover the complete distribution of the species:

- non-threatened seabirds which have only been mapped for recorded breeding sites;
- seals which have only been mapped for breeding sites near the Australian continent.

Such breeding sites may be important for the protection of the Commonwealth Marine environment.
